- Caring for the top tier of Church Health patient population by managing a report and following up with patients on a routine basis. This would include, but not limited to patients with three or more chronic conditions who have proven unable to manage the regimen discussed with them.
- This person will work closely with a variety of departments both inside Church Health and in the community.
- This person may be required to fill in as a Clinic or Phone Nurse when needed.
- This nurse will be an integral part of our clinic quality outcome projects.
- Ability to interpret data from quality group and U of M teams and stay actively engaged in the quality process.
- Ability to engage staff, providers and residents in a meaningful way and guide change processes within the clinic staff.

EDUCATION REQUIREMENT

- Completion of a degree in Nursing from an accredited program.
- Bachelor's degree preferred.

SPECIAL SKILLS AND KNOWLEDGE

- Five years experience as an RN.
- Supervisory and community health experience is a plus.
- Knowledge required to carry out nursing process.

- Assess, evaluate and plan for care of patients within the scope of physician's orders in primary care setting.
- Must have good organizational skills, management skills with the ability to train and motivate as well as the ability to assess and evaluate staff.
- Spanish proficiency is a plus.

COMMITMENT TO DIVERSITY

At Church Health, we are committed to diversity, striving to create a staff that reflects the diverse communities with which we work. We seek individuals of all backgrounds to join our team.
